Vehicle Make/Model: _____

Date of Service: _____

Thank You for Choosing TKO Detailing!

We're proud to offer premium window tinting services to enhance the look, feel, and function of your vehicle. Our high-quality films help reduce glare, block harmful UV rays, protect interior surfaces, and add a sleek, stylish appearance that many of our customers love. Tinted windows are one of the most popular upgrades for car owners—and for good reason.

Important Notice Regarding State Inspection Laws

New Hampshire law regulates the level of window tint permitted on vehicles, particularly on the front windshield and front side windows. **It is your responsibility as the vehicle owner to ensure your car complies with local laws** at the time of your annual state inspection.

While TKO Detailing offers a wide range of tint options for aesthetic and functional purposes, **we are not liable if your vehicle does not pass state inspection due to non-compliant tint levels.**

By signing below, you acknowledge and agree to the following:

- I understand that **TKO Detailing is not responsible for my vehicle's ability to pass a New Hampshire state inspection** based on the tint I have selected.
 - I have been informed that **state law limits visible light transmission (VLT)**, and it is my responsibility to select a tint level that complies.
 - I understand that **medical tint waivers** are available from the NH DMV for qualifying individuals, and it is my responsibility to apply for one if needed.
 - I acknowledge that **tinting is a cosmetic and functional enhancement**, and many people choose to tint their windows even if it means adjusting or removing film prior to inspection.
-
